“ Our deepest condolences to the LeRoy family in your loss. From all the help Bridget provided with preparations for our daughter-in-law's wedding shower, it was apparent what a supportive and giving person she was. She had a kindness and genuinely sweet spirit about her. God has called one of His own home...our hearts go out to friends and family at this time.

“ I'm sending my deepest sympathies to Bridget's family & friends during this difficult time. I know how much she was loved & appreciated by those who knew her and I know that her loss will be felt for a very long time.

I actually took over her job at Calvary Bible Church in 2013 when she retired. I spent quite a bit of time with her at that time while she trained me to be a very conscientious custodian at my church. As a close friend to Sherry Mitchell and her family, I also knew Bridget as part of her family as Mary's Mother in Law and Sherry's friend. I've also had the pleasure of knowing her daughter Katelyn through the MOPS program at Calvary and both of her sons also.

I will continue to keep you all in my prayers and if there is anything I can do for any of you, please don't hesitate to ask!!

Much love to you all.....

“ *Sending condolences to Bridget's family. I went to BBCHS with Bridget and even though I haven't seen her in several decades, I remember her well. She was a very kind person who offered encouragement and smiles every time I saw her. I'm praying for the family knowing she will be greatly missed because of the kind of person she was. May God wrap His arms of Love around all of you and be your Comfort and Peace.*

“Bridget was a senior at BBCHS when I was a sophomore. She was a teacher's helper in my gym class and was such a kind, wonderful person. We became friends despite being different ages. My mom was sick with breast cancer at that time, and Bridget was a sweet and steady presence in my life. That summer, my mom died, and I moved away and lost touch with Bridget. And then, decades later, circumstances brought us back together during a visit to my old hometown. I was doing a children's book-signing at Barnes & Noble. Afterward, Bridget came up, carrying a needlepoint craft I had made her back in high school. It was about friendship. Did I recognize her, she asked. Did I remember? Oh, what memories in that dear face! Since that time, nearly fifteen years ago, we maintained a sporadic, long-distance letter-writing relationship. She was always better about it than I...but how I loved hearing about her daily routines, her faith life, and the love for her family--all the new grandbabies coming along, each one SO cute. My last letter from her was in February, when she shared that she was ill. She has been in my fervent prayers. When we rekindled our friendship, we learned that both of us trust that Jesus is waiting for us at our "real" home-going. Bridget is with her Savior now. And we will see each other again. Loving you in my memory until then, Bridget. Your friend, Trish
