“ *Connie and her mother approached our breakfast table at a local restaurant not too long ago. They said they were sorry to have stared at us all through their meal. We hadn't even noticed. They liked the glasses my sons were wearing and wanted to let them know. We continued the conversation about other things. I just remember how sweet it felt having strangers come to the table with complements and sweet conversation. People have lost the gift of interaction with their fellow planet dwellers. My family is feels the loss and wish Connie's family many blessings and fond memories of their loved one. We know she was special.*

“ *Im at a loss for words. Connie lived by me for many years. When i walked my dog id see Connie on her deck with baby kittens. She sure loved the kitties here. Such a sweet and kind lady. We hung out on her deck from time to time. I knew she had some health issue but was never sure what. Really was her situation. Always smiling and id go by in my dark red honda and honk at mom and dad when her dad was mowing. She was one of good ones on that block. It caught me off guard and am really saddened to hear of her passing.. that whole block is in heaven with her. At least she with loved ones and at peace. My heart goes out to the entire family. R.I.P. Connie*
