“ *We remember meeting Doug for the first time in Brazil where we all were there to adopting children. We spent many hours together with Debbie and Doug and became very close. Over the years we have stayed in contact and saw him just a few years ago at their house. He and Rick got along well. We live miles apart, and yet remain friends. Mary Borrowman*

“ As I have been thinking about you today another memory is when you and Doug brought your family down over the holidays when Sean and Aric had just joined your family. I have pictures of those two "little" guys that we loving called sumo wrestlers. Also have special memories of us all being over at Mahomet at the campground with your family and your parents. As we think back there are a lot of memories of good times with you and Doug and your family. We will continue to think of you and keep you in our prayers.
