“ *May you rest in peace in God's Glory. My condolences to the family. I met Michael and Elaine about 36 years ago in Miami Florida. I loved them dearly as if they were my parents. Michael was my spiritual advisor for 28 years. I helped Elaine with technology for many years. After Michael passed, I kept in touch with Elaine using Facebook Messenger until I was unable to contact her. I tried various other means of communication to no avail. Today I decided to use Google and I found this obituary. I'm really sorry to lose such of a wonderful person. In the absence of Michael sometimes I would call her for spiritual advice. Sha was a very spiritual, pleasant person and a great friend. I know that we all have to go, but in a selfish I want certain persons to last for as long as I'm living. Elaine, I will miss you to the end of my life. With all my love, RIP my friend. Bob Moreno, Boynton Beach, Florida.*

“ I, like others, also got to know Elaine through the Lifelong Learning class on current issues. She was an inspiration to me. Willing to be the moderator and organize the meetings for all of us at her age was amazing for me. We also exchanged funny emails between us. I thought she was younger than me with the humor she displayed. I will truly miss her banter. What a wonderful person that I got to know. Thank you. Elaine for the time you gave us. My condolences to the family and friends. Peace be with you Elaine..
