“ I will always remember my cousin Eric as being larger than life. It is so difficult to comprehend that he is longer with us here on earth. It is a comfort to know that his spirit lives on in everyone who was blessed to know and love him. My deepest sympathies to the entire family as you work through this difficult time. He brightened a lot of lives and will be deeply missed.

“ I had the pleasure of working with Eric at Amoco. His enthusiasm and work ethic were unbelievable, always helping others no matter how hard. I remember I needed gravel for my driveway in Buckingham, he drove the grain truck and hauled and helped me level it out. I thought it was his day off, but later found out he had been called in to work 12 hours on second shift. I asked why he didn't wait, he answered and said " I like to keep my promises". As many, I am truly shocked and still am.

“ The news of Eric's death sends shockwaves through the farming community.
This sudden tradegy is devastating news for Eric's family and friends. We so admired our great friend and his common sense, hard work, integrity and sound judgement.
And we will miss Eric's friendship, jokes, and phone conversations. As you remember Eric, 'the next time you are out over tip your server.'
With love and support to all the Milton's,

“ I want to call his cell and hope he answers and him tell me its all a mistake. Still in shock, He would call me and give me a hard time and we would both laugh. It was like a contest who could get the best dig in, he won most of the time. I told him many a time its now boring at work since you left. Some times when we went for breakfast the waitress asked us if we were brothers after hearing our conservations. I am gonna miss him . only comfort I get is that his father and him are having a joyful reunion

“ We were so lucky that as cousins we got to spend so much time together as kids. Some of my fondest memories are them coming to visit us and also the time we got to spend together in the farm. And that was back in the day when we got to run wild without parents flipping out worried. Beat memories of my childhood . Im very sorry for your loss.
