“ *Frank is the guy who taught me how to lead out the hose line and have enough hose to get to the seat of the fire to extinguish it. I was a candidate in March of 1971 on Engine 14 with Frank and the crew. Frank had a big heart, he was good to everyone. My condolences to Frank's family.*

“ Since coming into the fellowship 4 1/2 years ago I have come to respect and admire Frank and Marge for their wisdom and guiding hands they have provided myself and countless others. Frank always had words that would in some way hit home even though sometimes I needed to hear those same thoughts over and over again. His example of living helped guide me through this new way of living. I will miss his presence at the meetings but I know he will be there spiritually with us. If it weren't for people like Frank and Marge many of us wouldn't be here today. They paved the way so that many may live peaceful lives. Thank you Frank. I know that your Higher Power has found a new car for you to get around in. God bless you and keep you in His arms. Marge you are an amazing lady. I hope that I can give as much as you have. God bless you and give you the strength and courage to get through your loss.

“ Frank was one of the first people I met at the 911 meeting when we moved back to IL in 2001. I always enjoyed hearing his stories and learned a lot from him. I now live in Winter Haven, FL but think of my Bourbonnais friends often. Prayers go out to you Marge and maybe I'll see you on our next visit. Dawn Moore

“ Frank came into my life 23 years ago as I meet him in this wonderful fellowship we shared together. We did bridge the gap together and shared my home group with him and Marge which is the 911 Group. So many great memories and having Marge as my sponsor, I am so grateful they have been part of my journey in life. I will miss him but will not forget him. I now reside in Crossville, Tn., Thank you for all you have done. God Bless, Love You, Lu Curlee

“ Frank has been a huge anchor in my life for a long, long time. Marge, I have so much gratitude for both of you. In one of the darkest times in my life you both were like beacons of light and strength. When Ryan died, you both came and Frank literally held me up, and held me in his arms like a father. He became the loving father I needed. And as time went on you all had me tell my story on a Sunday morning back in 2006. It is in the telling of our stories that we connect on a level like no other. I will always keep on telling the story of how Frank helped me and so many others in his faithfulness and commitment to service. He may have graduated but he is with us forever in the rooms. With loving thought and prayers, Kim Bacon
