“ I knew Jim through my husband, Ken, who worked for him at the Greater Kankakee Airport. Jim was such a kind man, and Ken really enjoyed working with him. Jim was a hard worker and kept the airport in top shape. Deb, Sara & family, you have our heartfelt sympathy. You can be proud of the good man Jim was. Our love, JoAn & Ken Giroux

“ I worked for Jim for 10 years at the airport. Not only was he a good and kind boss, he was also a great friend. We were both animal lovers, him most of all. He would always drive around an animal or its nest when mowing. I have even seen get off a mower to move a toad that was in his path. He will be greatly missed. We were hoping to go to lunch at the Mexican restaurant as soon as possible Love and prayers to all Jim's family and friends. His friend Ken Giroux

“ Such a sad day to hear of my Uncles passing. I remember in my younger years sitting at your house watching Laser disc movies(oh yeah showing my age) . He had no problem with sending me a message and enjoyed chatting with his great nephew (JW). I never thought you could be gone so soon.. I hoped it was something we could fight and win. I got the call that you had passed and it seemed like a dream I had just told you I loved you and you said the same back to me. Thank you for giving me something that I can have and remember all three(or four) of those associated with it, I will forever cherish it. Thank you for being a great Uncle while I grew up and will forever miss you.

“ *The Kammann house was my second home for my entire childhood. Jim is a part of so many memories. I'll share just one now. Sara and I had written and practice an amazing 90's rap song (we were young and silly!). We wanted Jim to help us make a music video with his state-of-the-art camcorder. Lol However, they were leaving for Florida for vacation. The day they returned, not even unpacked, he got out his camcorder and brought it over to my house with Sara. It was late in the day, and they were all tired from travel, but he did it anyway. He knew it would make us happy. And it did. We made the best music video 2 young girls could with his help! Lol*

*Love and prayers to all of you. My heart is breaking with yours. May God provide comfort during this time.  
Love you all,  
Rachel*

“ I remember going to the Kammann's house many times during my childhood. I still remember the wooden hearts he helped me make. Always had a joke or sarcasm to share to bring a smile. RIP Jim. Prayers for peace and comfort for your family.
