“ *Jim, thank you for being you. It was not only what you yourself brought to table , but, what you brought out in others gathered around the table, no matter what the topic, that made you unique. Instead of just accepting things, you asked how we could make things better or easier. I appreciate your friendship and am grateful I did get to know you better. Thank you for being you.*

“ Met Jim @KCC and he was the best instructor on the entire campus! He was there there to talk to many times afterwards and remained Jim always: clear, straightforward and deeply interested in what I had to say. If it was construction, military or politics, he was so informed and helpful. I have the utmost respect, admiration and appreciation for him. I pray for "the Mrs" as he referred to Ms. Ryan and for the children and grandchildren. May GOD Bless you all.

Jim was such a great guy to be around, whether you were at a funeral rites ceremony, or a regular Legion meeting he always had a great stories to tell or some regulatory point that was new or should be introduced. Just a wealth of knowledge and a first class man with great integrity. I will miss him and his friendship tremendously.
