“ Donna. Our hearts break for you as you walk through these days. Of course we first met you and your family in 1973 when we became pastors of the church. We have many wonderful memories of you and your family. We know Janet is enjoying the presence of The Lord and are thankful for that but we also recognize the pain you experience. Our love and prayers David and Ellen Stogsdill

“ I also worked with Janet at Jewel. She was always kind and caring about her job and also to her fellow employees. Deepest sympathy to her family and closest friends.
