“ *I was just telling Robert the other day, when Larry first got a car, I think it was one of those little Corvairs, we were driving out by the lake. Larry, his brother Ricky, my sister Melda and me. We were driving out on the road to Borah Lake and we slid off into the ditch. Couldn't get the car out. Several boys from the Olney Football team came along, picked up the car and set it up on the road. Love you Larry. We will always miss you.*
