“ I am with out words that can express my sadness. My condolences to all who knew her. John I know you have been there for her, in many ways. I worked at Recycled also, for 10+ years. She contacted me after my husband passed. Which was just months after hers. I had not known about what happened. We spent some time together. But lost track after awhile. I just thought of her the other day. Oh , if wishes could all come true. Would have loved to spend more time with her.

“ RIP my sweet friend. You will be missed . I'm so happy that we Skated all those Competition's together at different rinks back in the 60's. The times we spent together away from the rink. I'm always laughing + remember that time we went sledding down that hill and hit that tree head on. I will always cherish them days in my heart. :) your with Willy and your beautiful family now. See you again someday. 🥹🙏 for your family. Lord give them your peace and comfort that they need right now..

“ Laurie bought new steps for her pool last fall so her friends could get out of her pool easier and we were all looking forward to some summer pool parties this year. She was very caring and I was able to catch up with her weekly when she volunteered at the hospital. I have known her since high school and she will be missed. Rest In Peace Laurie 🙏

“ Laurie always a wonderful caring person, went to BBCHS with her. When FB came out, became her friend at an older age, and always enjoyed her posts, about her family, and pets. I also remember her as a great roller skater at the rink near my home years ago. MAY SHE RIP WITH GOD. AND PEACE BE WITH HER FAMILY THROUGHOUT THEIR TIME OF GRIEF.

Many many years ago when I was a kid growing up in Bradley - I knew Laurie and her family, kids etc..I will never forget her passion for sitting or standing up straight, I just remember talking about how important posture was. I also remembering always really liking her and enjoying her when she was around. She was infectious!
