“ Whenever I think of you, Linda I think of your smile. I think of all that you went through and your determination to beat cancer. I know at times it was difficult for you and I still have our messages back and forth of you asking me questions about my cancer and talking about what you and I both went through. I remember the dinners out with the girls and the mutual complaints about having to wait for results and find out treatments options. I remember crying together at work when you learned it had come back. I am crying even more now that you are gone. Very thankful for one last chance to tell you what an inspiration you are to me. I love you. Penny Stiles

“ My deepest sympathy to the Stahl family. Linda and Big John were wonderful neighbors to my family growing up and still to my dad. I remember babysitting for Little John and Susie for many years and Linda always had a smile on her face. I also remember the wonderful advice she gave me on my dachshund, as her love of dogs was something she shared with others.

“ I have worked with Linda at CSL Behring for many years. I am proud to call her my friend!! Everyone that knew her loved her. We used to have Union dances and we had a group that would always set together. Linda and her husband John were part of that group. Needless to say we all had a blast. Linda, John and I done many other things together that I will never forget!! To know Linda was to love Linda that was the kind of person she was. She is with God now and no longer in pain. RIP Linda you will always be loved and in my heart!❤️
