“ *Fran, we offer you our deepest sympathy at this difficult time. Our indelible and loving memories of Marlea will always be the delightful conversations at the coffee shop with you, Marlea, Connie, Terry, Judy, and Bill; the good times shared in your garage on Mohawk; and Marlea's constant good cheer, smile, and generous personality. We are fortunate and blessed to have been part of her life.*

“ *My sincere condolences to you Frankie and to the rest of your family. Marlea was certainly one of the sweetest and kindest people I have ever known. She came into Aava Java every day with a smile on her face and always had a kind word to say. I know that she will be missed dearly, but that you also have many wonderful memories to hold close to your heart. God bless you!*
