“ Nancy we will miss you so much and I'm so thankful having you as a friend. You were like a sister to me from when we were young. I remember going with you and your family to the Manteno Sportsman club and we would swim, getting our exercise in so we were lookin good. After I had Gina you were there for me through gall bladder surgery and stayed with me to change my bandages and watch Gina. Even with work and family we always stayed friends though all the years. Then retirement was around the corner and would talk on the phone about our daily happenings. Here the last few years it became even more. We take trips to the stores and always tried to fit in all the stops in the least amount of time. We also had some great times going to the Strawberry and Rubarb fests and checking out the jewelry. Later on it was scheduling, penciling each others doctor appointments in, so we could plan our days out and squeeze in that short stop to the grocery store on the way back home. I feel we were there for each other for a lifetime and so thankful for that. Those last few weeks, we went out to eat with Carolyn Harsha and Linda Senesac at Olive Garden and another time at Applebees. We had such a great time, great laughs and good food. Just the girls! This is the memory most dearing to us all. Seeing you so happy, relaxed, laughing and eating, fills our hearts. Its been a long time seeing you this happy and we are so glad we were blessed to have these last few moments before God took you home.

You will be so missed Nancy and I sure will miss talking to you every night and filling the day with our little errands. I send my deepest sympathy out to your family and who will always be dear friends to me too.

God Bless you and your family during this time.

With deepest Sympathy

Love Always,

Linda Brosseau

“ *Aunt Nancy, I'm glad you are no longer suffering and are at peace with God. You were a good sister to my Dad and a good aunt to us. Our visits were infrequent, but always sweet. I have enjoyed telling my wife and children of this sweet lady about whom they knew very little.*

“ *I've known Nancy her whole life and I wish I could think of one memory that was not clouded with sadness. I pray she finds the peace and love she has yearned for her whole life in the arms of God and that of her natural mother in Heaven. She deserves all that and more.*
