“ *I purchased 2 of Nick's paintings during the pandemic - 1 was a custom made album cover for my son, and the other was a painting of the Kankakee County Courthouse. When I saw Nick's painting of the Courthouse, I had to have it. It inspired me to have a collage made of my parents wedding held at the K3 Courthouse... Nick was a very special person, for so many reasons. He made an impact on me, and I'm sorry he's gone. My sympathies to his family & friends.*

“ My dream one day is to run a music venue. When I was in college, I asked Nick if I could come to the bar and just shadow him to see what running a place like that is all about. Not only did he let me come and do that, let me do it for a whole summer. Because of Nick's kindness and willingness to take in an idiot college freshman, there's a fire in me now that will never be put out. Here's to you Nick.
