“ *My Aunt Phyllis was a beautiful caring woman who knew how to turn the saddest tears into joyful tears. She taught me how to be the best waitress and I did so for over 30 years. At a point in my life when I needed desperately to make money , I worked for her and her her soul-mate and husband, my Uncle Don @ the restaurant they owned where there was always laughter. Some of my best days as a child was spent with them and now they're once again joined together in Heaven's paradise. Until we meet again, Aunt Phyllis, I love you very much and I can only imagine that beautiful smile on your face as you are greeted by Jesus and back in the arms of your husband. Forever great memories to share about you both as we celebrate your life and all the love and laughter you gave to family and friends!  
Be happy eternally,  
Love,  
Your neice,  
Deb Micetich and family*
