“ I have many memories of my grandfather, but my two favorite childhood memories are when we picked cherries off the cherry tree in the back yard together and when we prepared, on a hot summer day, a large jug of sun tea to sit out on the picnic table. He didn't talk much when we were together, but he always made me feel important and loved. I have always loved him for the many things he did for me and my siblings. He and my grandmother were always committed to our success and supported us every step of the way. I will forever remember, love and admire him for being a devoted and loving husband, father, grandfather, great grandfather and uncle. He will truly be missed.

RIP Grandpa Randy.

Love, Esther Jean

“ I was blessed to be Randy's baby girl. My dad was one in a million, I cannot imagine how life will be without him. He truly was a kind, peaceful, humble, loving man with a great sense of humor. I will miss his quick wit and one liner jokes that always had us laughing so hard. He didn't smile alot but he was a happy man. He loved all of his children, grandchildren and great grandchildren so very much. He taught me how to fish, catch worms, crawdads, love nature and most importantly unconditional love. I had 48 years with this incredible human being and it was not long enough. I feel so empty and lost without him in this world. Dad, I love you more than words can say. You will forever be my hero, you never let me down, never made me feel as if I wasn't good enough, you were everything I hope I can be. Heaven just received a hero, my hero, my daddy. ❤️

“ One if the best memory's of Uncle Randy was when we would play Boggle. He would have this super long word worth alot of points. Everytime Aunt Jean would challenge him to find it in the dictionary. And sure enough he would find the word. You will always be in my heart. Love & Miss you Uncle Randy!! RIP XOXO
