“ *Dick, as we knew him in ONU's Chemistry area, was a loyal supporter of Chemistry students and research at Olivet. His enthusiastic spirit will be missed. He regularly attended Phi Delta Lambda annual awards dinners and often visited Reed Hall to talk with faculty, and students he supported. Bless his memory. Max Reams, Chair of Chemistry and Geosciences, Olivet Nazarene University.*

“ *Mr Logan was my customer at Mobile Communications where he purchase his cell phone. Always kind and very talkative. We had a Presbyterian Church connection but mostly we enjoyed a cup of coffee as he reminisced about working in the lab at Armour Pharmaceutical. Prior to moving to work at CSL Plasm in Florida, I would get a visit about once a year. Mr Logan would share his many collectables about the company and his long tenure. Peace be with you Logan.*
