“ I have been grieving a lot lately. I miss her dearly it's hard on me I think I was the closest person to her. Her and I shared a lot of fighting as kids. We also shared fun and happy times enjoying friends and having parties. Our mom saved our butts when her and I were out late. She was always into no good running with her friends. She enjoyed life to the fullest and I will always remember the great times we shared. Thank you sis for being a large part of my life. I love you and I will see you again

“ My sister has been gone for for 4 months. I still can't believe she is gone. It's been a lonely summer. We had so many plans . Bert got other her knees replaced so she could finally go swimming and enjoy many cookouts. Bert loved food she would describe it in details. Before she passed away food didn't appeal to her. I should have known something was wrong. She came to me with all the things that made her happy. Like her grandsons how much she loved and enjoyed watching them grow. If she is a spirit I'm sure she is with her kids. I want my sister to always watch over her family. I miss you so much but you aren't unhappy and scared anymore. Love ya Bert xo
