“ *So sorry to hear about your loss. I was a classmate of his in 1957. I graduated with Russell. He was always so jolly and we had a lot of fun with him. Did see him a couple of times at our class reunions and he still look the same and still so jolly. We knew that the last couple of years he wasn't able to come. Again you lost a great father. “ Dear Ones, I just want to say how very sorry I am to hear of Russell's passing. He was such a dear sweet soul with nothing but a kind and beautiful dispossession. I know your loss is great but he's now with the Love of his Life Helen who he totally adored. I'm sure that life for him after she went to heaven was a cruel and bitter one as she was his life. The best thing that can be said is that they are now together in a much better place then here on this Earth. I will always remember him giving me a huge hug the last time I got to see him and that sweet smiling face that always said I'm so happy that you're here. The memories will be with me until the day I die and then we'll all be together once again. My prayers are with all of you now and always. Love to you all, Lynne and Mark Keltner
