“ *My strongest memory of my Aunt Sandi is of our just chatting in a multi-sided conversation in Golden Gate park (San Francisco). Uncle Jim and she were out for a family visit and we all took a trip to the City to see the sights together. We were walking from one museum to another when all just stopped under the shade of a tree and got to know each other a little bit. It was a simple moment, yet very special.*

“ *I'm so sorry for the loss of Sandy. I spoke with her around Christmas and we had a wonderful conversation. I worked with Sandy for many, many years. She was a great teacher, I learned many skills from Sandy. We enjoyed working and laughing together.*

*Condolences to Sandy's family for your loss. She was a great friend, lots of fun, and she will be missed by many. I am very sorry I am not able to be present at the funeral today. I felt a need to be there and to say goodbye one last time. These flu bugs going around can be treacherous and have a mind of their own. It wins today! Blessings and prayers to the family.
Sandy was a very special friend.*

Sandi was an amazing lady. She got me interested in massage therapy when she was training to be a therapist. She helped give comfort to my sister when my sister was battling cancer with the relaxing massages. Sandi will be greatly missed.
