“ I remember Tye from when we were all kids. He was our neighbor. He was always in his garage working on cars. He loved dogs and his family and friends. From his tribute, it sounds like he always remained the same. For me, he will always be part of our gang; a teen running through the woods, hanging out by the river, and listening to 70's rock.

My deepest condolences, Christine. Sending you and all the Prisock's wishes of comfort and peace during this sad and difficult time.

“ I'm sorry to read this news, I knew him when I was real little. Our families would get together at their house, they always had a bon fire 😊. He was a lot older and hung out with my older sister, but was always very nice. May he rest peacefully. To his family you are in my thoughts and prayers.
